**GENERAL APPEARANCE** - PO Fanelli passed all uniform inspections, and reported to work with a clean and neat uniform.

**ATTENDANCE/PUNCTUALITY** - PO Fanelli utilized 9 sick days during this evaluation period, but reported to work on time. There was also a notable pattern with his sick call in days, which usually occurred either before or after his pass days. It is also noted that even with the utilization of 9 sick days it is an improvement from the previous year.

**CARE AND USE OF EQUIPMENT** - On 5/11/20 PO Fanelli received a letter of reprimand for his failure to activate his body worn camera during a response to resistance incident that occurred on 3/19/20.

**JUDGEMENT/COMMAND PRESENCE** - On 4/25/20 PO Fanelli was involved in a response to resistance incident and in the course of the investigation it was determined that PO Fanelli attempted a head lock on a juvenile prisoner, which was later determined to be in violation of policy and procedure. As a result PO Fanelli received a 5 day suspension in September as a discipline.

**PERFORMANCE** - PO Fanelli received a note in his E-File regarding his failure to provide his April monthly report on time and the need for his supervisor to remind him to complete that task. PO Fanelli also received another note in his E-File that he also failed to complete his Police One online training on time for the month of November.

How can this employee best improve his/her performance? (Include setting Career /Performance Goals).

PO Fanelli is a seasoned officer with over 17 years on the job, and he is a knowledgeable and trustworthy booking officer. PO Fanelli can better improve his performance by working on his judgement when dealing with prisoners who are passively/aggressively resisting, be more aware of the proper usage of his equipment, and be more cognizant of assignment/training deadlines.

**GENERAL APPEARANCE** - PO Fanelli has taken better pride in his appearance for this evaluation period as he has obtained a new uniform and presents himself neatly when reporting for work.

**ATTENDANCE/PUNCTUALITY** - PO Fanelli utilized 16 sick days during this evaluation period, but reported to work on time.

**RESPONSIVENESS TO SUPERVISORION** - PO Fanelli regularly requests to be inside, but whenever he is advised by a supervisor to work a different position he completes the task/assignment with no hesitation.

**PERFORMANCE** - PO Fanelli is rarely assigned to street patrol and is not very proactive, but he has been assigned as the booking officer and completed 524 bookings in 2019 without any "red flags." PO Fanelli is very proficient as a booking officer and is often referred to when there are any questions pertaining to booking.

**INTERPERSONAL SKILLS** - PO Fanelli has an easy going personality which is a good quality and asset when tasked as a booking officer. On many occasions PO Fanelli has been able to de-escalate highly agitated prisoners.

**REPORT WRITING** - When PO Fanelli is assigned to the desk, or rarely on the street, he is tasked with completing incident / accident reports, but the content of his reports contains the bare minimum information with very little detail.

**How can this employee best improve his/her performance? (Include setting Career /Performance Goals).**

**PO Fanelli is a seasoned officer with over 16 years on the job, and he does a good job as a booking officer. PO Fanelli can improve his performance by utilizing the knowledge he has obtained while being assigned as the booking officer and striving to be a resource to younger officers who are just being assigned to the booking area. PO Fanelli can also work on asking more probative questions while taking reports and produce more comprehensive and detailed reports.**

**3. NARRATIVE SECTION (This section is to be used to record specific and personal characteristics of this employee which are not adequately covered in the rating sections above. Any factors rated as a 1 or a 5 in the above sections must be articulated in this section.)**

PO Fanelli's appearance in his uniform could use attention. He sometimes gets too relaxed while assigned inside and has to be told to zip his uniform shirt up. His uniforms are showing wear and could stand to be replaced.

PO Fanelli utilized 10 sick days during this rating period and is never late for his tour.

PO Fanelli does not show much initiative or proactivity, however he is rarely assigned to the street where he would need those attributes.

As the Doorman PO Fanelli had 832 bookings during this rating period, more than any other officer on B Platoon. PO Fanelli has become very proficient at booking and did not have any "flags" from E-Justice Booking Audits.

PO Fanelli is tasked with not only completing bookings for prisoners arrested by patrol during his tour but also handing prisoners left from the previous shift, prisoners brought in by other divisions like CID and Warrants, prisoners that turn themselves in, and prisoners brought in by OCJ. As a result PO Fanelli has a good working relationship with the court attendants, judges, and officers from outside agencies.

When PO Fanelli is not assigned as the doorman he is typically assigned to Desk Officer duties. When assigned to the desk PO Fanelli could be more detailed with the reports that he takes. His SIRs contain the required information to validate but are rarely descriptive or detailed in a way that will assist the appropriate unit with their subsequent investigation.

PO Fanelli responds well to his immediate supervisors and will do what is asked of him, even if he does not agree with it.

How can this employee best improve his/her performance? (Include setting Career /Performance Goals).

Try to create more detailed narratives when completing SIRs and DIRs. Be more conscientious when securing prisoners and securing their property.

I, Officer John Fanelli, am completing this narrative to request that I be considered to attend the FTO School coming up. I was appointed to the department on August 8, 2003. I would like to be considered for the school to pass on the knowledge that I received from veteran Officers of the department. I feel due to the youth of the department not many newer police officers had the opportunity as I had to be trained by veteran officers of the department due to the continued youth of our department. Also I think this opportunity would benefit me by holding myself to the highest standard possible which sometimes fades with experience.

**SUBJECT: PO John Fanelli**  
**TO: Chief of Police**  
**C.A. Pylman**

**April 22, 2004**

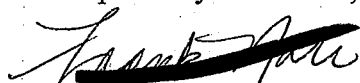

**PO. John Fanelli** has just completed 12 weeks of the Field Training and Evaluation Program. These 12 weeks consisted of working each day with a Field Training Officer and a Daily Evaluation Report being completed for each day. During the first 6 weeks the tasks required in the Field Training Manual were completed.

At the end of the 6<sup>th</sup> and 12<sup>th</sup> week the subject officer also spent one day with a Sergeant. The Sergeant(s) completed a Sergeant's Ride-along Evaluation Report for those days.

I have collected and reviewed all of the Daily and Sergeant's Evaluation Reports. I have reviewed the officer's Field Training Manual and have met with the officer's Platoon Lieutenant and discussed the officer's performance. On today's date I held a counseling session with the officer.

As a result of my review of all evaluation reports, Field Manual , oral reports and the counseling session with the officer, I find that **PO. John Fanelli** has successfully completed the first 12 weeks of the Field Training and Evaluation Program. The officer now progresses to the next stage of the program which allows for solo assignment or any assignment that his supervisor deems necessary. The officer will remain in the Field Training and Evaluation Program until the anniversary date of his appointment to the Department.

Dear Chief of Police:

I was in Utica last Saturday, January 18, 2014, to attend my granddaughter's ice skating competition and was unfortunately rear-ended by a tanker truck while waiting to merge onto Rte. 12 just off of Genesee St. Luckily, no one was hurt but it was a frightening situation especially for my grandson who was sitting in the back seat.

I want to commend Officer John Fanelli, badge #2778, for his help that day. He very calmly assessed the situation in a very caring, but professional, manner. You can be proud to have him represent your department.

I think people too quickly find fault with the police but never give them credit for a job well done.

Sincerely,

  
Carol M. [REDACTED]

I wanted to express my thanks to a member of your police force, Officer Fanelli for his assistance to me on 11/5/2008. Officer Fanelli responded to my 911 call at [REDACTED] Utica N.Y. yesterday afternoon. Dear Sir ~

I would like to take this opportunity to inform you of two of your staff men, who, in my opinion are deserving of this praise during a most unpleasant time in my life. I have recently found myself in need of my police dept. First, Officer John Fanelli for responding to my call during a recent domestic violence incident. He was wonderful, and truly concerned about my well being! What a "gem". Second, Lt. Mark Williams, who is working with me on a separate incident. Again, he is a wonderful human being. They all should be like that. M

RE: COMPLIMENTS AND GRATITUDE TO OFFICER JOHN FANELLI

Dear Chief Pylman:

I would like to offer my praise and appreciation to Officer John Fanelli for his professionalism and skill I observed during a high-speed traffic stop.

On Sunday evening, August 15<sup>th</sup>, at approximately 9:20 PM, I was driving south on Genesee Street past Meeker Ave preparing to turn left on to Arlington Road. Suddenly I was passed by a dark colored pickup truck traveling at an extremely high rate of speed and weaving dangerously in and out of traffic. I was driving at 30 mph and pickup truck passed me at such high-speed that my Dodge Caravan shook. I would estimate the pick up truck traveling at a speed of 70 mph.

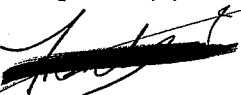

I observed the pick up truck weave in and out of traffic ahead of me and was concerned that the truck would crash into someone or run some other driver off the road. Just then a Utica Police Car also passed me. This Officer was driving in full-control and very carefully and professionally maneuvered through traffic to pull over the speeding pickup truck. At no time did this Officer put anyone in danger or at risk. I later learned that the Patrolman was Officer John Fanelli.

In my opinion, had the pickup not been stopped he certainly may have caused a very serious accident and injury.

Please extend my compliments and gratitude to Officer Fanelli for his professionalism, driving skill, and alertness in apprehending this dangerous driver. He may have saved a life that evening.

I am very fortunate to have seen many acts of professionalism, commitment, and dedication by the Utica Police Department, and the actions of Officer Fanelli are an excellent example of the quality of your Police Officers.

Respectfully yours,

Frank R. Williams

On March 1<sup>st</sup>, 2013, Sergeant Bansner observed a man walking on Leeds Street who was wanted in connection with recent robbery and shooting incidents. Officer Cerminaro observed the man walking on Leeds Street with two other men. Upon seeing the police car, the suspect split from the other men and walked down a driveway behind a house. Upon seeing the officer, the suspect fled through the yard with the officer in pursuit. Officer Fanelli saw this and drove to the next block over to cut the suspect off. The suspect continued fleeing until being cut off by Fanelli and Bansner. The suspect was taken into custody and charged with robbery.

Due to the quick action and teamwork of these officers and their disregard for their own safety, a dangerous individual was removed from the streets of Utica. They bring honor to themselves and the entire Utica Police Department.

## LETTER FOR FILE

### POLICE OFFICER JOHN FANELLI

On March 1, 2013, Officer Brian Bansner observed a group of males walking in the east Utica area. Officers had been looking for a violent suspect who had been evading capture for over a week. The wanted person was suspected of committing a robbery with a firearm. Due to the officer's attention to detail and his vast knowledge of the criminal element he suspected that the wanted person was part of a group.

Officer Bansner contacted Unit 55 and Officers Fanelli and Cerninaro immediately came into the area. Once the criminal suspect noticed the patrol car he ran into a yard. Officer Cerninaro gave chase and managed to keep a constant visual on the suspect. For a period of time, Officer Cerninaro pursued the suspect on foot while directing responding units. The foot pursuit continued through several residential back yards and out onto the sidewalk. Officers Bansner and Fanelli assisted in this pursuit and the suspect was apprehended without further incident.

Because of the teamwork exhibited by these members and the coordinated instructions given by everyone involved the suspect was apprehended quickly and safely. The aforementioned officers bring honor to themselves and the entire Utica Police Department.

On July 27, 2013 Officers responded to the 1100 block of Bleecker Street. Officers were dispatched to the location to meet a 71 year old female who had been robbed. Upon arrival the officers interviewed the visibly shaken victim and several witnesses. The victim had a gold chain ripped from her neck by a suspect who fled on a bicycle. When the description of the suspect was obtained, Officer R. Pedulla remembered seeing the suspect a short time prior to the robbery. Officer Pedulla using his street knowledge and fine observation skills was able to give other officers a name on the suspected offender. Officers Cerminaro, Fanelli and Penree managed to locate and identify the suspect a short time later. Several eye witnesses to the robbery positively identified the suspect.

Within minutes of the initial call the officers, located witnesses, developed a suspect, located the suspect, apprehended the suspect, and recovered stolen property. Due to the collective efforts of the above officers, a dangerous suspect was taken off the street and the stolen necklace was returned to the victim. The professionalism and dedication of these officers bring honor to themselves and the entire Utica Police Department.

On October 13th 2009 at about 8:20 a.m., Officers Jennings, Petrie and Fanelli were dispatched to an address on Kemble Street to check the welfare of a person. The reporting person told communications that a female resident on Kemble Street had threatened suicide over the phone. The reporting person also stated that she heard a gun shot over the phone before she hung up with the female.

When Jennings, Petrie and Fanelli arrived at the Kemble Street address, they found the residence unsecured and unoccupied. While the officers were on Kemble Street, several units were dispatched to the intersection of Steuben and Leah Streets for shots fired. Upon arrival, Officers Shaffer, Brelinsky and Seferagic were forced to subdue a male party after he refused to show his hands. After subduing the male party, it was revealed that he in fact was attempting to conceal a gun shot wound to his hand. While Shaffer, Brelinsky and Seferagic subdued the male, Officers Fanelli and Petrie removed a female party from the driver's seat of a van which was parked in the roadway close to where the male party was found. As the female party was being removed from the van, she told the officers on scene that the gun was in the front seat. The van was then searched and a loaded .22 caliber revolver was located on the front passenger seat. After a brief investigation, it was revealed that the female who had been removed from the van was the female in question from the Kemble Street - check the welfare call.

As a result of an investigation completed by the Criminal Investigation Division, the female was charged with Attempted Murder and Criminal Use of a Firearm. The quick response and teamwork displayed by the responding officers to a violent crime in progress brings honor to both themselves and the Utica Police Department.

**POLICE OFFICER JOHN FANELLI**

On August 7, 2009 at 09:01 hours, Officer John Fanelli was dispatched to investigate a report of a disoriented woman sitting in a vehicle obstructing traffic on Court Street near State Street. Officer Fanelli conducted an area check and located the vehicle against the Court Street side of the 258 Genesee Street building. The operator had driven her vehicle up on to the sidewalk and had collided with the side of the 258 Building. The operator was unresponsive to verbal commands and appeared almost catatonic.

The female operator re-started her car and appeared to be attempting to drive away. Officer Fanelli summoned assistance and repeatedly attempted to communicate with the driver. Officer Fanelli assessed the situation and decided to break the window out of the driver's door and remove the keys from the car to prevent the driver from driving away and endangering other drivers and pedestrians. Officer Fanelli broke the driver's door window of the vehicle and suffered a large set of lacerations to his right forearm. The officer then reached in through the broken window, pushed the driver back from the steering wheel and took the keys from the vehicle. This action caused additional small lacerations to his left forearm as well. Officer Fanelli stood by with the driver and kept control of her by physical presence until backup arrived despite losing a large quantity of blood from both arms. The operator of the vehicle was taken into custody under Mental Health Law for treatment and observation.

Officer Fanelli's rapid assessment of a dangerous situation and prompt actions prevented a situation from escalating into a catastrophic one. His actions bring honor to both himself and the Utica Police Department.

Officer J. Fanelli

B Platoon

Patrol Division

Officer J. Fanelli:

On 8/25/17 at approximately 1714 hours, C Platoon Booking Officer / Doorman PO Tartaglia heard a gurgling noise coming from the prisoner holding cage. PO Tartaglia immediately checked on a male prisoner Hector [REDACTED], who was being held in the prisoner holding cage awaiting arrest processing / booking for Burglary related charges. PO Tartaglia found [REDACTED] sitting on the holding cage floor near the holding cage door with one end of a shoelace tied around his neck while the other end of the shoelace was tied around the holding cage door. It was obvious that [REDACTED] was attempting to commit suicide by hanging = suffocation. [REDACTED] was choking and gasping for air hence the suspicious noises that caught PO Tartaglia's attention. PO Tartaglia immediately alerted the C Platoon Squad Commander Sgt. Cimpi by yelling to him while running back to the booking area to grab the key for the lock on the prisoner holding cage door. PO Talerico heard the commotion and offered his assistance. After gaining access to the prisoner holding cage, PO Tartaglia cut the shoelace and removed same from around [REDACTED] neck. [REDACTED] who was still conscious and breathing began to gasp for air, cry and vomit. The Utica Fire Department was promptly requested for emergency medical evaluation / treatment of [REDACTED]. The Utica Fire Department Emergency Medical Services transported [REDACTED] to St. Luke's Hospital via an ambulance regarding additional medical evaluation / treatment as well as a mandatory mental health evaluation pursuant to MHL 9.41. C Platoon Supervisor Sgt. Cimpi initiated an internal investigation regarding the above prisoner attempted suicide incident (RMS 17-38208) to determine whether any involved officer violated any department policy / procedure.

The internal investigation found that PO Fanelli violated the following departmental policies:

- PO Fanelli did not create an RMS Booking Module for prisoner [REDACTED] upon intake at 1521 hours. An RMS Booking Module was not completed for [REDACTED] until PO Tartaglia completed same at 1620 hours.
- PO Fanelli did not secure all of [REDACTED]'s personal property from his person, specifically his shoes and shoelaces.
- Upon securing prisoner [REDACTED] in the prisoner holding cage, PO Fanelli did not search prisoner [REDACTED] thoroughly as he did not secure / remove all prisoner McClain's property, specifically his shoes and shoelaces.
- PO Fanelli did not create an RMS Booking Module for the prisoner [REDACTED] therefore none of the required 15 minute cell checks were completed from [REDACTED] intake at 1521 hours until PO Fanelli was relieved at shift change around 1600 hours by PO Tartaglia.

As a result of the investigation it was determined that you have violated Department Procedural Manual as follows:

Chapter 4, Article 11 ARREST, TRANSPORT, BOOKING

11.19 TRANSPORTATION OF A PRISONER TO HEADQUARTERS:

Last Revision Date 6/7/2016

P. The proper entry shall be made in the prisoner log book upon the arrival of any prisoner(s), male or female. If a matron is not working the female prisoner logbook will be maintained at the doorman's desk.

#### 11.27 BOOKING PROCEDURES:

A. Upon intake of a prisoner the doorman/matron shall take their personal items (i.e. money, rings, watches, necklaces) as well as any belts, neckties, shoelaces or shoes, drawstrings, clothing items such as jackets, hooded sweatshirts, overcoats or other similar outer garments, and place it in a prisoner property bin. If an item(s) is too large for the prisoner property bin or there are no bins available the doorman/matron may use a large plastic bag to store the items. The doorman/matron shall note in the prisoner log book that the prisoner's property was secured and record the bin number.

#### 11.28 DETENTION FACILITY (LOCKUP) OPERATIONS:

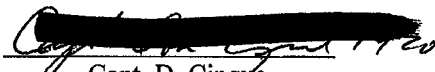

A. Before being placed in a cell or holding cage the clothing and person of each prisoner shall be thoroughly searched.

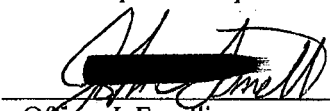

G. The condition of prisoners, in the cellblock, shall be checked by the doorman, matron or other sworn officer by actual visits to the cell, at intervals not to exceed fifteen (15) minutes. All checks and activity of a prisoner shall be entered into each prisoners booking in RMS under the detainee tracking module by use of the electronic scanner. The prisoner's condition and other notations considered relevant should be noted by the officer and/or matron. Under no circumstances will anyone enter either cellblock area while carrying a weapon. Except upon initial entry with a prisoner, no personnel shall enter the booking or holding area, where prisoners are being detained, while armed.

## **PO John Fanelli Remedial Training**

### **Grab Control**

- A.** The goal of grab control is to provide an escort hold that can be utilized to safely initiate physical contact.
- B.** If a subject does not comply with your verbal directions, you can use grab control to gain control of the subject, preventing a physical confrontation.
- C.** Grab control also enables you to move the subject in a controlled way out of a dangerous location.
- D.** Grab control should not be used on a subject who is aggressively resisting the officer or being combative with the officer.
- E.** To achieve grab control:
  - 1.** Officer should approach the subject while maintaining their angles.
  - 2.** Officer should grab the subject with one hand on the wrist and the other hand on the triceps.
  - 3.** Once the officer has established grab control of a subject, the officer should continue to verbally direct the subject to place his hand behind his back.
  - 4.** If necessary officer should guide the subjects arm behind there back while maintaining grab control.
  - 5.** If the subject begins to actively the officer should transition to a takedown of the subject.
    - a.** An officer should not remove their handcuffs until they have control of both hands of the subject's hands.
  - 6.** From the grab control position the officer can move to handcuffing or a possible takedown dependent on how the subject responds to the grab control.

### **Ground Control**

- A.** To be successful in a physical confrontation, the goal should be too establish control of the subject. In any confrontation that goes to the ground, the main goal of the officer should be to re-establish control and get off the ground.

**B. Custody and control should be gained as soon as possible using the most reasonable amount of force necessary.**

**C. If the officer is unable to gain control of the subject, they should work to safely disengage from the subject, gain Note: At any time during the ground control techniques a subjects actions may aid in dictating the next steps taken. Some actions a subject may take could be: Subject attempts to push up, subject attempts to hide their hands under their body, subject attempts to push their hips up or the subject begins to comply. mobility while creating angles and transition to a new method of control.**

**D. Lateral Head Displacement**

**1. Lateral Head Displacement is simply taking the subjects head out of line with his torso while forcing them to look away from the officer.**

**2. This will break the subjects straightened posture reducing the amount of strength the subject is able to resist with. Lateral Head Displacement is a safe and effective way to gain control of a subject's arms in order to apply handcuffs.**

**3. To apply lateral head displacement while suspect is face down:**

**a. Take the bone along the inside of your forearm and place it just above the ear of the subject. Your arm should rest above eye level along the forehead.**

**(i) The target area should above the eyebrow running to the ear.**

**b. With your arm in position drive the subjects head away from your body.**

**c. This movement will take the subjects head out of line with his posture.**

**d. While keeping the subject head out of line, there will be an opening for you to grab the subject's wrist and slide it behind their back.**

**e. Once you have the subjects arm secured, you can proceed to free the opposite arm by utilizing the same steps.**

**f. Remember to regain head control after securing the arms.**

**E. Single Unit Ground Control**

**1. Knee on top – Subject on back**

**a. Once the subject has been taken to the ground, the officer should place their knee onto the subject with their shin running across the hips.**

**Knee on top**

**Knee on top – Rollover**

- b. The officers other leg should be extended straight from the shoulder, away from the subject, with the foot as the only section on the ground. This will place all of the weight onto the leg controlling the hips.
- c. Place your hand on the side of the subjects face and push their head to side forcing the subject to look away from you.
- d. Maintain control of the subject giving verbal commands to rollover to their stomach or transition to another ground control option to physically roll the subject for cuffing.

## 2. Knee on top – Subject on stomach

- a. Once the subject has been taken to the ground, the officer should place their knee onto the subject with their shin running across the hips.
- b. The officers other leg should be extended straight from the shoulder, away from the subject, with the foot as the

only section on the ground. This will place all the weight onto the leg controlling the hips.

- c. Slowly slide your arm alongside the subject head. As you continue to slide your arm in, drive the subjects head away from you with your bicep breaking the posture of the subject.
- d. By breaking the posture of the subject, you will be able to grab the subject's arm that may have been tucked underneath them.
- e. Continue to give verbal commands for the subject to give you their arms for cuffing or transition to a different technique.

## 3. Subject Rollover

- a. When you have controlled a subject on the ground, at times, you may need to roll the subject from their back to their stomach in order to gain control of the subject's hands

Knee on top – Lateral Head 6

Knee on top – Lateral Head 7

Knee on Top – Rollover for cuffing while maintaining a safer position to avoid possible strikes.

- b. From the knee on top position:

- (i) Slide the knee that is securing the hips up so it is running along the length of the subject's sternum.
- (ii) Pull the subjects head towards you, verbally telling the subject to roll away from you.

- (iii) As the subject begins to roll, locate their shoulder and push the subject over away from you completing the roll.
- (iv) When rolling the subject, always maintain contact and control of the subject.
- (v) Once the subject has been rolled, return to a knee or chest on top control technique and transition to cuffing.

## **Takedowns**

- A.** At times an officer can come into contact with a subject who is being aggressive and continues to move towards the officer. The subject may also exhibit signs of wanting to assault the officer.
  - B.** You as an officer must act before being struck by the aggressive subject. Utilize the following techniques to take down an aggressive subject.
  - C.** Remember when taking a subject to the ground the goal should be to obtain control and custody of the subject.
  - D.** If the officer is unable to gain control after a takedown, the officer should consider disengaging, regaining their angle and transitioning to a different tactic or weapons system.
  - E. Double Under-hooks/Body Lock**
    - 1. Double under-hooks can be initiated from an interview stance, grab control or a full shell when the subject is being combative Double Underhooks/Body Lock
    - 2. Close the distance on the combative subject and perform a body lock.
    - 3. Your arms should be slightly above the subject's hips.
    - 4. Once you have hold of the subject, lower your hips below the subject's hips.
    - 5. Drive the subject's hips in towards your own hips.
    - 6. With the subject's posture broken, drive the subject away from you and to the ground.
      - a. Transition to a ground control tactic.
  - F. Wrist Weave**
    - 1. The wrist weave is utilized on a subject who attempts to curl their arm in to their chest in order to pull free from the grab control applied by the officer.
    - 2. The wrist weave can also be utilized as an escort option if the subject begins to become compliant with verbal commands.
- Wrist Weave
- 3. To apply the wrist weave technique:

- a. Starting from a basic grab control position, if the subject attempts to curl their arm inwards towards their chest.
- b. The officer's hand that is on the subject's wrist will rotate so the thumb and fingers are facing the same direction.
- c. The top hand will release the subject's bicep, make a fist, and punch over the subjects controlled arm and under the officer's wrist control arm.
- d. The arm controlling the subject's wrist will tuck tightly into the officer's body.
- e. At this point the officer will be able to maintain the subjects arm bent in towards there chest while maintaining a safe angle on the hip of the subject.
- f. From this position the officer will be able to create a barrier using forehead to push the subject's ear away from the officer which would prevent the subject from turning into towards the officer.
- (i) If necessary, the officer can utilize the final wrist weave position to bring the subject to the ground.
- (ii) From the wrist weave position the officer can "punch" towards the ground with his non-wrist control hand.
- (iii) This will bring the subject to his knees allowing the officer to either secure the subjects arm behind his back or transition to a ground control option.

#### **G. Hug Arm Bar**

1. From the basic grab control position a subject may attempt to straighten up or pull away.
2. While maintaining your grab control rotate your upper hand under the bicep.

#### **Hug Arm Bar**

3. Maintaining your grip on the bicep and wrist, pull the subjects arm down to your pocket extending their arm across your body.
4. Drive your shoulder into the rear of the subject's shoulder while keeping your back leg behind the subject's leg.
5. From this position, the officer can maintain their angle on the subject hip and drive the subject to the ground.
6. If the subject continues to move forward and not go to the ground,  
step on the back of the subjects heel and pull them sideways causing them to go to the ground on their back.
- a. Transition to a ground control position.

#### **H. T-Position**

1. From a shell position drive into the subject's shoulder.
2. Place one hand on the subject's head and shield their head away from you.

### **T-Position**

3. Your other arm should slide under the subject's arm lifting their elbow onto your shoulder.
4. The underhooked arm should wrap under the subject's arm and grab the top of the subject's triceps.
5. Use your shoulder and head to keep the subject's arm in place, while pushing the subject's head away.
6. To bring the subject to the ground, simply lower your level like you were sitting in a chair while keeping your back straight. This should bring the subject to their knees.
  - a. Do not bend at the waist, this could result in a pulling match between you and the subject.
7. Once the subject is on their knees, you can finish the technique with a shoulder pull to the ground.

### **Subject Escorts**

- A. Once you have searched the subject, you may need to escort him or her to a vehicle or other location.
- B. Because the subject does not have the use of his or her hands, you must be sure that you maintain physical contact with the subject at all times, to prevent injury if he or she should stumble or trip.
- C. How cooperative the subject is will determine the degree of control you exercise in the escort. Depending on the circumstances, any of the following may be appropriate:
  1. Grab Control
  2. Wrist Weave

PO Fanelli,

On January 8<sup>th</sup> 2021, you were assigned to the Booking Officer/Doorman position. At approximately 0925 hours a prisoner named James [REDACTED] was brought in by the Warrants Unit. [REDACTED] was irate and argumentative the second he walked in the booking area. [REDACTED] was continually arguing with every officer that walked by the holding bench area. He would also rattle his handcuff onto the bench for long periods of time in order to cause annoyance.

After court arraignment in which [REDACTED] was remanded to Oneida County Jail for, he was advised he would be placed in the holding cell. As [REDACTED] was walking from the bench to the holding cell he proceeded to throw his right elbow and upper body into the glass of the door. A use of force occurred where you grabbed [REDACTED] from behind in a bear hug type of hold. You then escorted [REDACTED] into the holding cell while still maintaining this hold and took [REDACTED] to the ground.

Surveillance footage from both cameras of the booking area show that you were not wearing a body worn camera.

As a result of the investigation, it was determined that you have violated Department Procedural Manual:

*Utica Police Department Policy and Procedure  
Chapter Four, Article Two, Body Worn Camera Systems*

## **2.17 BEGINNING & END OF SHIFT PROCEDURES:**

1. The BWC is considered part of an officer's uniform and will be worn and utilized on every tour of duty by Uniform Patrol Division personnel (to include officers assigned to inside duties, i.e. desk officer, booking officer, squad commander).

2. At the beginning of each shift, prior to officers getting to their assigned patrol vehicles or other assigned positions, they will ensure that their assigned BWC is properly affixed to their uniform as outlined in this policy and ensure that their BWC is fully charged, free of damage and in good working order. The care of the device is the responsibility of the officer the device is assigned to. The device will be operated and maintained according to the manufacturer's recommendations and in accordance with this policy.

**September 3, 2020**

**Officer John Fanelli,**

On April 25<sup>th</sup> 2020 at approximately 1221 hrs, PO Jordan Dodge, PO John Fanelli and Lt. Sean Dougherty were in the front desk area; when they heard some commotion coming from the juvenile aid office. A few minutes prior, two Oneida County Sheriff civil deputies had arrived to pick up Izayah [REDACTED] from JAU after he was arraigned, via Skype, for an attempted murder charge.

PO Jordan Dodge, PO John Fanelli and Lt. Sean Dougherty responded to the juvenile aid office. They observed Deputies Brad Barnes and William Hart on the floor, on top of [REDACTED]. [REDACTED] was wearing shackles, but he was only partially handcuffed. After [REDACTED] was handcuffed by the deputies, with assistance from Dodge, he continued to be belligerent. When the deputies tried to pick [REDACTED] up off the floor, he would passively resist and verbally berate them.

[REDACTED] continued to yell, despite their attempts to diffuse the situation. [REDACTED] then threatened to spit on Investigator Jeremy VanHorne and proceeded to throw himself against the west wall of the juvenile aid office, knocking around some metal chairs/table in the process. [REDACTED] then sat down on the floor and refused to go with the deputies. Fanelli and Dougherty continued to negotiate with [REDACTED], but he remained hostile, directing his anger towards the deputies.

During this time, Dodge attempted to place a spit hood on [REDACTED] which made him more belligerent. Finally, the decision was made to forcibly remove [REDACTED] from the office. Fanelli picked [REDACTED] up and wrapped his left arm around the area of [REDACTED] head/neck, in order to gain control of his movement. Once some form of compliance was gained, [REDACTED] was escorted out of the office to the deputies' waiting vehicle (in the sally port). [REDACTED] was then placed in the back seat of the vehicle without incident. No injuries were reported.

## Findings:

Based upon the investigation of this incident, Fanelli's response to [REDACTED]'s resistance was justified, however in this instance, Fanelli should have been be more conscious of his response to [REDACTED] resistance and the force that he used should not have been placing his hands on the sensitive areas of [REDACTED] neck/throat. An alternate use of force should have been used in response to [REDACTED] resistance.

In addition, the language that Fanelli directed towards [REDACTED] during the altercation/escort was determined to be unprofessional: "I'm watching the fucking draft, now you got to fucking ruin my day!" (Referring to the NFL Draft) and "Remember this face!" (After [REDACTED] was placed inside the deputies' vehicle).

These statements were determined to be in violation of the following section(s) of our procedural manual:

### Chapter Eight, Article One, Professional Standards of Conduct and Ethics

#### *1.14 PERFORMANCE AND ATTENTION TO DUTY:*

##### *G. Cooperation, Coordination and Courtesy;*

*2. Employees shall be courteous, respectful and professional at all times, toward citizens, members of the department and individuals representing other organizations, in all forms of communications in the performance of their duties.*

#### *1.17 GENERAL RULES OF CONDUCT:*

##### *A. Unbecoming Conduct;*

*1. Employees shall conduct themselves at all times, both on and off-duty, in such a manner as to reflect the highest standards of the law enforcement profession.*

##### *B. Courtesy;*

*3. Employees shall not use harsh, profane, insolent, or intentionally insulting language.*

On September 3<sup>rd</sup>, 2020 a Command Discipline was convened as outlined in Utica Police Department's Policies and Procedures. In that proceeding, you were offered union representation and you declined. We then discussed your violations and the negative impact these actions had upon yourself and the Utica Police Department. You acknowledged and took full responsibility for each violation listed above.

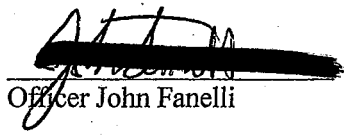

A resolution was reached in this Command Discipline process. The following actions will be taken to address these violations and to move you towards improving these deficiencies,

1. You accept full responsibility for your violation of department policies and procedures.
2. You acknowledge that your performance deficiencies are not acceptable.
3. For your actions, you accept a suspension from work for a period of five (5) working days.
4. You attend a sensitivity training that is selected by the Utica Police Department. The cost of this training will be absorbed by the Utica Police Department and you will attend the training during your working hours.
5. You will attend remedial defensive tactics training that will focus on this exact type of situation (standing control/escort). The cost of this training will be absorbed by the Utica Police Department and you will attend the training during your working hours.
6. It should also be noted that this incident was reviewed by the Oneida County District Attorney's Office and the review of the incident is included in the investigative packet.

With completion of these steps, this matter will be closed. You are reminded that any similar future violations of Department Policies or Procedures may result in additional disciplinary action to include but not limited to reprimand, forfeiture, revocation of work permit, reduction in rank, suspension, and termination. **Subject:** Fanelli - Use of Force

Deputy Chief Noonan,

I reviewed the reports and video you forwarded to me regarding the use of force by UPD Officer John Fanelli upon Izayah [REDACTED]. I do not approve of the use of force tactic used by Officer Fanelli; however, I do not believe his actions violated any provision of the New York State Penal Law.

I considered the following in coming to my decision:

1. The entire incident was captured on BWC (there was no effort by any officer or the UPD to hide or cover-up the incident),
2. UPD Lt. Sean Dougherty immediately corrected the behavior (an action that is expected from a superior officer),
3. The combative nature including spitting, rushing into and confronting officers and the overall combative actions and confrontational statements of Johnson [REDACTED] was actively resistant to the police and the overall conduct of the officers involved was an attempt to calm Johnson down and get him to comply),
4. Lack of any physical injury to [REDACTED] (thus ruling out any type of assault related charge that requires physical injury),
5. It appears to me that Officer Fanelli used the unauthorized hold to gain control over defendant for a very brief period of time – less than 5 seconds (thus there is a lack of proof that Fanelli acted with the intent to harass, annoy or alarm [REDACTED] which would be required to prove a harassment charge. Based upon my review of the BWC footage, it appears to me that Fanelli used an unauthorized hold to regain control of the defendant),
6. I am unaware of any prior/similar incidents by Officer Fanelli (this fact alone would never negate criminality if a head lock or choke hold caused physical injury to an arrestee, but it is important to my decision because prior conduct of this nature would raise an issue with me as to Fanelli's intent that I ruled out in #5 above),
7. And finally, the fact that the Utica Police Department has assured me they will punish and take remedial action. It is my understanding that Officer Fanelli will (1) be suspended without pay for 5 days, (2) be required to attend re-training on use of force and (3) he will be required to attend an anger management training session.

I think it is worth mentioning that this incident took place before the homicide of George Floyd and all the attention that was drawn to the serious and deadly consequences of using force in or around an arrestee's neck. Clearly we should not wait for a unjustified homicide at the hands of law enforcement to reset the barometer for police behavior. But the point I would like to emphasize is that in the future all the media coverage of the Floyd homicide and resulting protests has placed all law enforcement on notice that such conduct is very serious and can be deadly. This media coverage will help negate any claim of lack of knowledge by an officer who uses such a tactic in the future and caused injury to another person. Police are on notice and that fact would be very helpful in proving a reckless assault or homicide case in which an officer utilized such a tactic and thereby caused physically injury, serious physical injury or the death to another person.

 Employee Harassment (1hr) - Inv. Nicholson  
 Defensive Tactics- (4hrs) DT Staff

The October DT in-service dates are going to be 4 hours a pop. We should teach the following:

- Handcuffing (controlling a cuffed prisoner)
  - Handcuffing (using good verbal skills)
  - Handcuffing (various threat levels)
  - baton work (forward strike, blocks, front jab, retention)
  - simple control moves (your favorite wristy twisty moves)
- Please concentrate on using good verbal skills to avoid a physical confrontation and on proper handcuffing and controlling a person in handcuffs (don't let go and "put the chain on the floor"). As always we need to talk about article 35 and use of force policy.

Thank you,

JW
